Discover Great Acoustics

Since 1979, we have helped clients create acoustic experiences on the stage, in the classroom, on the factory floor and beyond. We blend acoustic-centered thinking with technical experience to develop real-world solutions. From theater systems to vibration control, from noise dampening to room acoustics, we continue to help our clients adapt to a world of ever-increasing acoustical challenges.

Our nearly forty years of experience in acoustic consulting and system engineering proves our consultants have the experience and knowledge to enhance the performance of any unique structural environments. With each project, we pursue new ways to design more efficient systems that not only perform to the best of their ability but also meet your requirements.

With consultants in Denver, Colorado, and Kailua, Hawaii, our consulting and design services extend nationally and internationally. Our experience reaches to South America, Europe, and around the Pacific Rim, including Japan, South Korea, Taiwan, Guam, Palau and the Northern Mariana Islands. Regardless of project location, both offices work together as a team to share information and ideas. This allows us to deliver creative solutions, innovation and performance to every project we tackle.

ACOUSTICAL CONSULTING

THEATRE CONSULTING

AUDIO VISUAL CONSULTING

ACOUSTICAL CONSULTING

- Architectural Acoustics
- Performing Arts Acoustics
- Auditorium acoustics
- Acoustical Modeling
- Audio Systems Modeling and Design
- Mechanical Noise and Vibration Control
- Recording and Broadcast studio Design
- On-Site Testing and Analysis
- Expert Witness Testimony

THEATRE CONSULTING

- Theatre Programming, Planning and Design
- Order of Magnitude Cost Projections
- Seating and Sightlines Studies
- Theatre Equipment Programming and Design
- Page Show Relay
- Performance Sound
- Performance Lighting and Rigging
- Performance Stage Machinery
- Performance Systems Commissioning

AV & LOW VOLTAGE CONSULTING

- Budget Planning
- Performance Speaker Systems
- Video Projection and Messaging
- Video Conferencing
- Signal Distribution
- Project and Product Specification
- Bid Qualification
- IDF/ MDF Room Design
- AV-LV Commissioning
